“Deni took such great care of us throughout the entire process, and the images are stunning, real works of art. Deni gave us exactly what we wanted! We love our wall portrait, it sets off our living room perfectly.

The whole family had a blast at the session, the girls were very comfortable and relaxed, and it shows in the portraits.”

In Thier Own Words

Working with Deni on our family portraits has been a wonderful experience. Our family now is myself and Darlene and a very spoiled dog named Brie. Deni created our portrait to reflect and show off the feeling and emotions we feel when spending time with each other. Our wall portrait and the collage of Brie hold places of honor in our living room, and set off the room to perfection.

“We have I had so much joy from the portraits that Deni created for us. The session was a blast, no pressure, so we were able to “be ourselves”. The results are stunning, truly a piece of art. Our wall portrait is the literal centerpiece of our home and we get to enjoy it each and every day as it LIVES above our fireplace in the living room..

HOW TO RESERVE YOUR FINE PORTRAIT SESSION

Call (208) 457-1111 Between 9am and 5pm. Deni can answer your questions, and help reserve a time that works best for you. There are three things we'll need to take care of on this call:

FIRST: set time for consultation to plan your session. This will be some of the most valuable time you spend on this adventure. This makes the difference between getting “just some pictures” or great portrait art.

At your consultation we will set appointment for your portraits session and a second appointment to view your images and place your order (usually set for about 10 days after your session).

LASTLY: Because Deni's creative time is in such high demand, we ask for a small refundable reservation deposit to hold and confirm your appointment. It's entered as a credit to your account and all of it will go toward your portrait order. Everything we do has a *100% Happiness Guarantee*—if for any reason you're not thrilled with your portraits, we'll redo them or refund your money; your choice.
